👤 PROFILE

I graduated with BSc Degree in Information Technology in 2023 from Wachemo University with 3.38 CGPA and have passed the national exit exam. Throughout my studies, I remained highly motivated and inquisitive in networking, programming, database, project management. I strongly believe that it made me to become a well-rounded IT professional who is a team player, very committed to learn and work and passionate about using technology to solve problems and make a positive impact on people's lives with open mind.

👜 PROFESSIONAL EXPERIENCE

House rental system for Hossana town, Leader
We developed Web Based house renting portal for hossana town as a final project and got good result.

Editing
I edited photos using "Photoshop", audios using "audacity" videos using "wondershare filmora" and animations using "Macromedia flash".

Tamrat Zemariam wholesale trade in beverages, Data encoder

October 2023 – present | Addis Ababa, Ethiopia

As a Data Encoder, I am responsible for entering and ensuring the accurate and complete data necessary for the company's needs, assisting superiors by encoding required information, and organizing and delivering it accurately and comprehensively. I prepare daily reports, updates, combine, and rearrange data, and verify the accuracy of my work. Additionally, I store completed documents, print information when required, and maintain records of all activities and tasks. I also keep records of every item received and dispatched from the store, report daily stock levels, organize all paperwork related to purchased goods and proper documentation. In addition, I monitor the CCTV camera to ensure security.
