Profile

Highly motivated and skilled Information Technology graduate with a solid foundation in programming, networking, and database management. I graduated with a 3.38 CGPA from Wachemo University and passed the national exit exam. I possess excellent communication skills, thrive as a team player, and am highly committed to continuous learning and delivering results in any work environment.

Professional Experience

2023/10 – 2024/11
Addis Ababa, Ethiopia

Data encoder

Tamrat Zemariam wholesale trade in beverages

As a Data Encoder, I am responsible for :

- **Data Entry and Accuracy:** Input and ensure accurate and complete data necessary for the company's operations, including sales, inventory, and transaction records.
- **Data Verification and Updates:** Regularly update records and verify the accuracy of entered data to maintain consistency and reliability.
- **Documentation and Organization:** Organize, store, and manage completed documents, ensuring proper filing and easy retrieval for future reference.
- **Stock Management:** Record and report daily stock levels, maintain a detailed log of items received and dispatched from the store, and ensure inventory records align with physical stock.
- **Reporting and Communication:** Prepare daily reports and provide superiors with requested data and information to support decision-making.
- **Purchase and Paperwork Management:** Organize and document all paperwork related to purchased goods, ensuring compliance with company policies and proper documentation practices.

Debre Birhan
